Contest Description:

The contest was organized mainly to continue in promoting the the slalom skateboarding scene in Spain and Balearic Islands.

SSSA works hard more than five years ago in race events along the country and in the last 2 years around the spot of Mallorca's stadium and Golf Son Quint streets, thanks to the initiative of AMSS and Longboard Mallorca Crew many young athletes joined our sport. As you can understand our desire (SSSA and AMSS together) is to become the 'Palma de Mallorca appointment of a permanent classic European and Spanish event and organize a competition level, also to enable young people to attend high-level performance and continue to improve results.

Thereby requiring the Main status in order to have a good event and attract competitors from Europe. We believe that features offered (prize-money, lot of facilities and the quality of the spot) are largely at the status request.

Fortunately we had confirmation of the sponsors of the above events and many others have been added, so we can offer gadgets and a high-level of hospitality.

Finally, we think it could be nice for guests to spend a weekend in Mallorca, having fun in our beaches, shopping on Friday, Saturday and Sunday's race!
